Chief Administrative Officer

To the Mayor and Council of Town of Peace River:

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian generally accepted accounting principles. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Council is composed entirely of Councillors who are neither management nor employees of the Town. The Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial information included in the financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management, and external auditors. Council is responsible for the appointment of the Town's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by the Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Council and management to discuss their audit findings.

Independent Auditors' Report

To the Mayor and Council of Town Of Peace River:

We have audited the accompanying consolidated financial statements of Town Of Peace River, which comprise the consolidated statement of financial position as at December 31, 2015, and the consolidated statements of operations and accumulated operating surplus, changes in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Town Of Peace River as at December 31, 2015 and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the Town of Peace River are the representations of management prepared in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of the Canadian Institute of of Chartered Accountants. Significant aspects of the accounting policies adopted by the the Town of Peace River are as follows:

a) Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenues and expenses, changes in fund balances and change in financial position of the entity. This entity is comprised of the municipal operations plus all of the organizations that are owned or controlled by the town and are, therefore, accountable to the town Council for the administration of their financial affairs and resources.

The schedule of taxes levied also includes requisitions for education, health, social and other external organizations that are part of the municipal reporting entity.

The statements exclude trust assets that are administered for the benefit of external parties. Interdepartmental and organizational transactions and balances are eliminated.

The statements include the Town's proportionate share in the Peace Regional Waste Management Company (see Note 18).

b) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed or the tangible capital assets are acquired.

c) Use of Estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expense during the period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

d) Investments

Investments are recorded at amortized cost. Investment premiums and discounts are amortized on the net present value basis over the term of the respective investments. When there has been a loss in value that is other than a temporary decline, the respective investment is written down to recognize the loss.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

e) Debt Charges Recoverable

Debt charges recoverable consist of amounts that are recoverable from municipal agencies or other local governments with respect to outstanding debentures or other long-term debt pursuant to annexation orders or joint capital undertakings. These recoveries are recorded at a value that equals the offsetting portion of the un-matured long-term debt, less actuarial requirements for the retirement of any sinking fund debentures.

f) Land Inventory Held for Resale

Land inventory held for resale is recorded at the lower of cost or net realizable value. Cost includes costs for land acquisition and improvements required to prepare the land for servicing such as clearing, stripping and levelling charges. Related development costs incurred to provide infrastructure such as water and wastewater services, roads, sidewalks and street lighting are recorded as physical assets under the respective function.

g) Tax Revenue

Tax revenues are recognized when the tax has been authorized by bylaw and the taxable event has occurred.

Requisitions operate as a flow through and are excluded from municipal revenue.

h) Government Transfers

Government transfers are the transfer of assets from senior levels of government that are not the result of an exchange transaction, are not expected to be repaid in the future, or the result of a direct financial return.

Government transfers are recognized in the financial statements as revenue in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

i) Requisition Over-levies and Under-Levies

Over-levies and under-levies arise from the difference between the actual property tax levy made to cover each requisition and the actual amount requisitioned.

If the actual levy exceeds the requisition, the over-levy is accrued as a liability and property tax revenue is reduced. Where the actual levy is less than the requisition amount, the under-levy is accrued as a receivable and as property tax revenue.

Requisition tax rates in the subsequent year are adjusted for any over-levies or under-levies of the prior year.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

j) Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenues over expenses, provides the consolidated Change in Net Financial Assets (Debt) for the year.

i. Tangible Capital Assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life as follows:

	YEARS
Land Improvements	15
Buildings	40
Engineered structures	
Transportation	15-40
Water distribution system	40
Wastewater treatment system and other	15
Machinery, equipment and furnishings	10
Vehicles	10

One-half of the annual amortization is charged in the year of acquisition.

Assets under construction are not amortized until the asset is available for productive use.

ii. Contributions of Tangible Capital Assets

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

iii. Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

iv. Inventories

Inventories held for consumption are recorded at the lower of cost and replacement cost.

v. Cultural and Historical Tangible Capital Assets

Works of art for display are not recorded as tangible capital assets but are disclosed.

k) Pension Expense

The Town participates in a multi-employer defined benefit pension plan. See Note 13.

9. DEBT LIMITS

Section 276(2) of the Municipal Government Act requires that debt and debt limits as defined by Alberta Regulation 255/00 for the Town of Peace River be disclosed as follows:

	2015	2014
	\$	\$
Total debt limit	34,545,465	31,324,479
Total debt	13,032,479	13,214,527
Amount of debt limit unused	21,512,986	18,109,952
Debt servicing limit	5,757,578	5,220,747
Debt servicing	1,535,974	1,346,510
Amount of debt servicing limit unused	4,221,604	3,874,237

The debt limit is calculated at 1.5 times revenue of the municipality (as defined in Alberta Regulation 255/00) and the debt service limit is calculated at 0.25 times such revenue. Incurring debt beyond these limitations requires approval by the Minister of Municipal Affairs. These thresholds are guidelines used by Alberta Municipal Affairs to identify municipalities that could be at financial risk if further debt is acquired. The calculation taken alone does not represent the financial stability of the municipality. Rather, the financial statements must be interpreted as a whole.

13. LOCAL AUTHORITIES PENSION PLAN

Employees of the Town participate in the Local Authorities Pension Plan (LAPP), which is one of the plans covered by the Alberta Public Sector Pension Plans Act. The LAPP serves about 133,000 people and 389 employers. The LAPP is financed by employer and employee contributions and by investment earnings of the LAPP Fund.

Contributions for current service are recorded as expenditures in the year in which they become due.

The Town is required to make current service contributions to the LAPP of 11.39% of pensionable earnings up to the year's maximum pensionable earnings under the Canada Pension Plan and 15.84% on pensionable earnings above this amount. Employees of the town are required to make current service contributions of 10.39% of pensionable salary up to the year's maximum pensionable salary and 14.84% on pensionable salary above this amount.

Total current service contributions by the Town to the LAPP in 2015 were \$469,219 (2014 - \$413,706). Total current service contributions by the employees of the town to the Local Authorities Pension Plan in 2015 were \$430,954 (2014 - \$379,968).

At December 31, 2014, the LAPP disclosed an unfunded liability of \$2.455 billion.

14. COMMITMENTS

The Town has signed various contracts in the ordinary course of operations committing them to future cash payments. None of these commitments are expected to impact the Town's risk assessments.

15. CONTINGENCIES

The Town is a member of the Alberta Municipal Insurance Exchange (MUNIX). Under the terms of the membership, the Town could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the losses are determined.

The Town has co-signed loans of the Peace Country Sports Club to an aggregate total of \$129,000. At December 31, 2015, the amounts of the loans were \$24,198 and the Peace Country Sports Club is responsible for making loan payments. The terms of the repayment are authorized under Bylaw No. 1748. The Town has not recorded a liability in relation to this guarantee.

The Town has issued an interest free loan to the Peace River Curling Club in the amount of \$45,000 payable in full by December 31, 2016. The purpose of the loan is to assist in the interim financing of the Curling Club roof repairs. At December 31, 2015, the balance of the loan is \$42,500. These funds are authorized under Bylaw No. 1780. The loan is included in the Town's trade and other receivables.

In 2012, the assets of the Peace River Ski Hill were transferred from the Peace River Ski Club and a discussion entered into for the ongoing operating and maintenance costs, subject to terms such as assurance of liability insurance and provision of an operations plan. A formal operating and maintenance and lease agreement was signed October 10, 2014 and expires in December 2016.

The Town is a defendant in various lawsuits as at December 31, 2015. Where the occurrence of future events is considered likely to result in a loss with respect to an existing condition, and the amount of loss can be reasonably estimated, amounts have been included within accrued liabilities. Where the resulting loss, if any, cannot be determined or the occurrence of future events is unknown, amounts have not been recorded, and the Town's Administration believes there will be no material adverse effect on the Town's financial position.

16. FINANCIAL INSTRUMENTS

The town's financial instruments consist of cash and temporary investments, accounts receivable, investments, debt charges recoverable, bank indebtedness, accounts payable and accrued liabilities, deposit liabilities, requisition over-levy, and long-term debt. It is management's opinion that the town is not exposed to significant interest or currency risks arising from these financial instruments.

The town is subject to credit risk with respect to taxes and grants in place of taxes receivables and trade and other receivables. Credit risk arises from the possibility that taxpayers and entities to which the town provides services may experience financial difficulty and be unable to fulfill their obligations. The large number and diversity of taxpayers and customers minimizes the credit risk.

Unless otherwise noted, the carrying value of the financial instrument approximates fair value.

17. SEGMENTED DISCLOSURE

The Town of Peace River provides a range of services to its ratepayers. For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 1.

Refer to the Schedule of Segmented Disclosure (Schedule 6).

18. CONSOLIDATION OF PEACE RIVER REGIONAL WASTE MANAGEMENT COMPANY

Consolidated into the Town's financial statements are their proportionate share of the assets, liabilities and financial activity of Peace Regional Waste Management Company (formerly the East Peace Regional Landfill Authority). Ownership is determined by the number of shares issues to the Directors of the Company. The Town of Peace River contributes 3 of the 7 Directors to the Board and this is used to determine the Town's proportionate share. The amounts consolidated into the Town's financial statements are as follows:

19. POST CLOSURE LIABILITY

Included in the financial statements are the Town's proportionate share of the post-closure liability of the Peace Regional Waste Management Company. For 2015, an amount of \$3.70 per tonne of waste was used as the post-closure liability expense (2015 - \$3.70). In 2015, this rate was applied against 169,040 tonnes of waste (2014 - \$3.70 against 351,944 tonnes), resulting in a current period expense of \$625,449 (2014 - \$1,302,193) in Peace Regional Waste Management Company.

20. APPROVAL OF FINANCIAL STATEMENTS

Council and Management have approved these financial statements.
