

Why Volunteer?

Because it's unhealthy not too!

Organizing

Trying to get others to help

But there are always the faithful helpers

So why do we do it? Why Volunteer?

It creates more productive people.
According to research people who
volunteer are more productive.

But why?

Less time spent on trivial things

Therefore giving you more

Volunteering creates connections with others and community

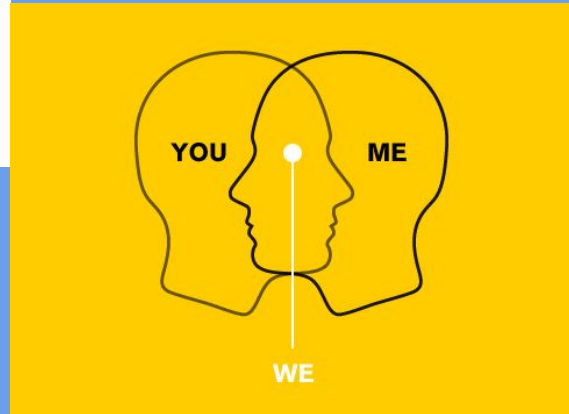

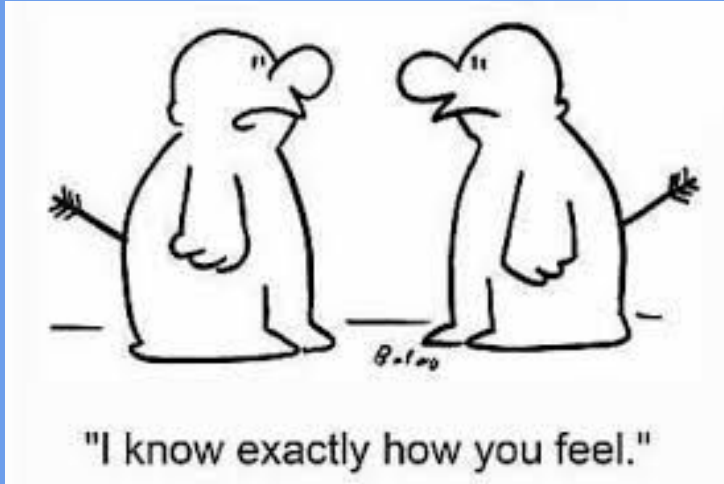

Develop friendships

Volunteering provides you with wisdom and knowledge from others

Creates empathy in people

You make a difference! What you do matters!

You are not alone, there are so many with you!

Thank you for all you do! We tip our
to you
