

Macmillan Construction Ltd.

Please be advised that weather permitting, on Wednesday July 13 2022 the water will be shutoff at 9:00 am to facilitate construction of the 94th ave Neighborhood Infrastructure Renewal Project.

The expected duration of water system shutdown is approximately 6 – 8 hours following actual isolation of the work area west of the 98th str/94th ave intersection.

Please store some water prior to this time for use during the shutdown.

Thank you for your patience and understanding throughout this time.
